State

TO AVOID disappointment, order early. All orders filled in rotation as received. We begin shipping about April 15th, and finish some time in May, 1925.

Remittance must accompany order. All retail orders for \$2.00 or over sent prepaid; on orders for less, add 10c for postage and packing.

GUARANTEE

All Dahlia Roots are guaranteed true to name as grown by us and free from disease to the extent of replacement with true stock.

Only the best and strongest root divisions are used in filling orders, and the utmost care exercised. But should an error occur, we will gladly rectify it if notified. Most failures in starting roots are due to improper planting or because of attacking insects. *No guarantee is given that roots will grow and bloom or will not rot in the ground, as that depends largely on soil, climatic conditions and attention. But should a root properly planted fail to start a shoot in three weeks after planting, return it to us by mail at once and another will be sent. No complaints for replacement except for color will be allowed after July 1st.*

Remember that the size of the tuber makes no difference, as a small tuber will give as fine flowers as a large one and in most cases better.
